

When it comes to SAP support and solutions, precision and expertise are paramount. At Westrocon, we take pride in being an accredited **SAP Platinum** and **United VARs** Partner, ensuring that we not only meet but exceed the stringent requirements governing the knowledge and skill sets of our consultants involved in the customer support process.

**United VARs** is the leading alliance of SAP solution providers for the mid-market. Certified with the highest SAP Status as **Platinum Partner**, we count with the leading solution providers across the world to guarantee the best service and support for your international roll-out projects, ERP optimization projects and cross-border nearshoring.

### Values

At Westrocon, we prioritize two core values: swift, insightful ticket resolution and unwavering trust in the advice we offer. Our mission is to ensure you receive timely assistance and expert guidance at every turn. Our objective is to deliver prompt ticket resolution, insightful feedback, and reliable guidance.

# Methodology and Process

Through our experience in providing SAP support to multiple customers we have developed a Three step Pro-Active Support Methodology.

#### Eiv

Based on the understanding of the requirements there are certain immediate needs which must be adhered to and which have to be "fixed" on a short notice

We focus on simple improvements with big impact and fix these first.

# UNDERSTAND

#### **Inderstand**

We use this phase to obtain a full understanding of the landscape and solutions implement.

We can use the existing documentation, review functionality implemented, SAP Best Practices and other tools to understand the landscape.

We recommend a couple of remote sessions with the key consultants to facilitate the handover.

#### Optimise

During the on-going support engagement, we accumulate data and information about the customer changing business as well as the system.

We will use these to suggest change which can be adopted to generate continues improvements.

1

We collaborate with you to identify and understand the nature of the issue.

2

We develop and deploy the solution together as a joined team.

3

We pass on our knowledge to you to ensure effective business knowledge and skills transfer.

# The aim of the Pro-Active Support Methodology is to collaborate with you to:

- Empower you to be able to be self-sufficient and to efficiently use your own system.
- Learn and analyse business processes, to develop continuous business improvements going forward.

# Do you know about our SLA Support Fee?

It consists of the use of bucket hours or a fixed cost support. This monthly fee allows us to offer the following services:

# **Bucket Hours**

Are monthly allocation of hours provided to supply support services in terms of the service agreement.

- ✓ Unused bucket hours will roll over for a period of three calendar months, 50% of the unused bucket hours remaining after the three months roll over will be applied to Change requests as agreed between both parties.
- ✓ Should bucket hours be depleted, work will bequoted for at a rate per hour.

# Fixed Cost

Westrocon provides SAP Business ByDesign fixed cost Support under the following terms:

- SAP Operational Support will be delivered across the full functionality of SAP Business ByDesign implemented and will cover all key business processes.
- The support contract will be reviewed every 12 months and an inflationary escalation on SAP ByD support rates will be considered for following contract periods.
- Increases will be discussed and communicated close to contract renewal.
